

ROPE STAND BARRIERS

Create an upmarket look to your queuing areas and displays by using our chromed steel rope stand barriers.

Our rope stand barriers are widely used in hotels, cinemas, casinos, conference centres and many other entertainment areas to control pedestrians and protect displays.

Supplied flat packed, each post simply screws into the base for quick and easy assembly.

Quality velvet and braided rope is available in a selection of popular colours and supplied fully assembled with stainless end clips that attach to the top ring of the post.
