

# Boom Gates - Automated

## Automated Barrier Arm

Automated Barrier Arms provide maximum safety and control to your traffic areas. Ensure the safety of your staff and visitors by making it easy to quickly create exclusion zones as and when required to separate people and loading vehicles.

Some features available:

- Can be plugged into a power point, or hard wired into mains power
- Operated via remote or automatic sensor, ground safety loops or safety beam sensors
- LED lights on pole and base unit for night visibility

Many configurations available. Contact us today about your desired set-up.

High quality Italian manufactured.

Made in Italy
