

Line Marking Trolley System

Soppec Purespray Line Marking Driver

Soppec Purespray Line Marking Driver is our new, highly accurate line marking trolley.

Suitable for indoor and outdoor surfaces, this machine is stable, simple and unique ensuring straight lines on smooth or textured grounds. The spray zone is sheltered, the high pressure paint creates clean lines. The built-in guide makes multiple passes easy.

- Wide tread wheels and long wheelbase lead to straight, accurate lines
- Can cover a distance of 500m within 30 minutes
- Trolley does not require cleaning after use
- Creates lines from 50-120mm wide
- Can also be fitted with optional Floor Tape Applicator
