

Wall Mounted Expanding Barrier

Wall Mounted Expanding Barriers are compact, lightweight and durable. Ideal for safety, security, pedestrian and vehicle control.

- Stainless bolt & nylon washer to all pivot points – No failed rivets due to fatigue
- Strong, light and easy to use
- 30x15 aluminium bars treated and powder-coated
- Can also be purchased with a Mobile Kit, which allows any barrier to become fully mobile
- Available in 2, 4, 6, 8, and 10m widths
- New Zealand made

Fix the Wall Mounted Expanding Barrier to a flat surface and expand to cordon off exclusion zones. (Custom colour shown).

| CODE | DESCRIPTION | SIZE (mm) |
|----------|--|-----------|
| 49-EXB10 | Wall Mounted Expanding Barrier, Yellow | 1000(H) |
| 49-EXB15 | Wall Mounted Expanding Barrier, Yellow | 1500(H) |
