

# Pedestrian Cable Covers

## Drop Over Cable Cover - 1-Channel

Suitable for pedestrian traffic, the modular design means you can easily attach additional protectors to extend protection to your desired length. The channel can house a cable of up to 38(W) x 12(H)mm. Lightweight at 1.5kg.

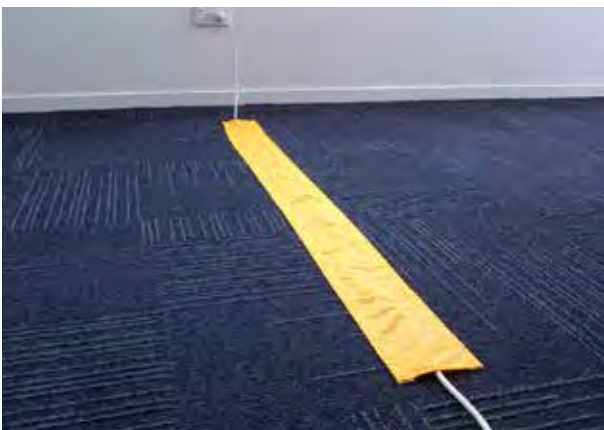

| CODE     | DESCRIPTION                              | SIZE (mm)                |
|----------|--|--------------------------|
| 49-CP530 | Drop Over Cable Cover - 1-Channel Yellow | 1000(L) x 133(W) x 20(H) |
| 49-CPSB  | Drop Over Cable Cover - 1-Channel Black  | 1000(L) x 133(W) x 20(H) |

## Velcro Cord Cover

Tri-Stop Velcro Cord Cover simply unroll and velcros down to protect cables and prevent trip hazards. Can be re-rolled and used hundreds of times. For use on loop pile carpet only. Available in widths of 100mm and 160mm and on a 25m roll.

| CODE     | DESCRIPTION       | SIZE              |
|----------|-------------------|-------------------|
| 49-TS100 | Velcro Cord Cover | 100(W) x 25m roll |
| 49-TS160 | Velcro Cord Cover | 160(W) x 25m roll |

## Grippy Cord Cover

For covering cords and securing on carpet, held in place by grippy velcro edges. Woven polyester material. Available in Yellow, Black and Grey.

| CODE    | DESCRIPTION                | SIZE (mm)     |
|---------|----------------------------|---------------|
| 49-GCCY | Grippy Cord Cover - Yellow | 100(W) x 1.5m |
| 49-GCCB | Grippy Cord Cover - Black  | 100(W) x 1.5m |
| 49-GCCG | Grippy Cord Cover - Grey   | 100(W) x 1.5m |

## Velcro Cord Cover - Heavy Duty

Heavy Duty Trip-Stop Velcro Cord Covers are designed for use in heavy foot-traffic areas or for extra protection of cables. For use on loop pile carpet only. Available as 200mm wide and on rolls of 25m.

| CODE    | DESCRIPTION                    | SIZE        |
|---------|--------------------------------|-------------|
| 49-TSHD | Velcro Cord Cover - Heavy Duty | 200(W) x 5m |
