Flexible Column Guards

Column Guards prevents costly damage to your columns and posts caused by vehicle impact. It protects by surrounding their surface area with a cushion of air. Highly visible and very easy to install without using any tools, the Column Guard flexes and absorbs impact when hit by forklifts, protecting the forklift, the column and the driver. Made from low-density polyethylene (LDPE) for strength and a maintenance-free life.

- No tools required to install - simply wrap and velcro
- Highly visible
- Made from ultra-tough LDPE
- Available to suit square columns from 100 to 350mm
