

d-flexx Flexible Rack Protectors

d-flexx Rack Guards provide pallet racking with flexible protection to absorb impact from forklifts and pallet trolleys, lessening the likelihood of major damage to pallet racking.

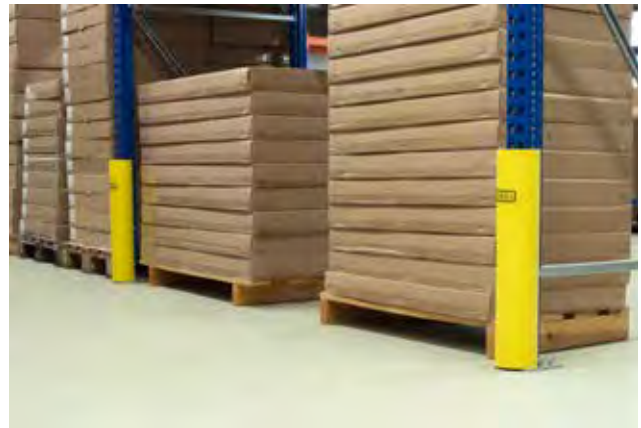

The simple clip on design allows installation without additional tools for a quick application and easy removal for racking inspections.

- Suitable for indoor or outdoor use
- Available in 2 sizes to suit rack legs 75-125mm wide
- Available in heights of 600mm and 1000mm

Made in Denmark
