

Spill Containment

2 Drum Spill Pallet - 650kg load rating

4 Drum Spill Pallet - 1250kg load rating

Drum Spill Pallets

One of the most economical ways to store up to 200L drums and meet the regulations. Safely contains spills with easy-clean sump access.

- 100% polyethylene construction – no rust
- 250L sump capacity

CODE	DESCRIPTION	SIZE (mm)
46-SP2	Drum Spill Pallet - 2 Drum	1300(W) x 750(D) x 440(H)
46-SP4	Drum Spill Pallet - 4 Drum	1460(W) x 1460(D) x 305(H)

IBC Spill Pallet - Single
Capacity: 1260L, Load Rating: 2500kg, Weight: 86kg

IBC Spill Pallet - Double
Capacity: 1200L, Load Rating: 4000kg, Weight: 116kg

IBC Spill Pallets

An economical storage solution for a single or double IBC unit. Forkliftable (when empty) and rust/corrosion-resistant for durability.

The simple and effective dispenser simply clips onto the front of the Spill Pallet.

It keeps dispensing spills contained while larger spills simply overflow back into the Spill Pallet sump.

CODE	DESCRIPTION	SIZE (mm)
46-IBC1	IBC Spill Pallet - Single	1680(W) x 1680(L) x 700(H)
46-IBC2	IBC Spill Pallet - Double	2260(W) x 1465(L) x 575(H)
