

Traffic Separator Pods

Traffic Separator Pods offer additional lane separation on top of a painted line.

Traffic Separator Pod

Traffic Separator Pods are manufactured from recycled rubber and can perform a wide variety of duties in traffic management.

They can be used to indicate lane separation, cycle lanes, parking bays, marking of traffic lanes in carpark entrances, exit ramps and many other applications.

The portable design allows them to be used for temporary use i.e. loose-laid, or bolted for more permanent situations.

Available with flexible tubular post or flat panel inserts.

Flexi Post - Orange or White

CODE	DESCRIPTION	SIZE (mm)
49-TSPOD	Traffic Separator Pod - Yellow	900(L) x 275(W) x 85(H)
