

Pedestrian Handrail System

Tru-Gard Handrail

Tru-Gard Handrail is a modular handrail system used to prevent people from walking into dangerous traffic areas.

The aluminium frame is easy to install and maintain, will not rust, and is powder-coated Safety Yellow for high-visibility.

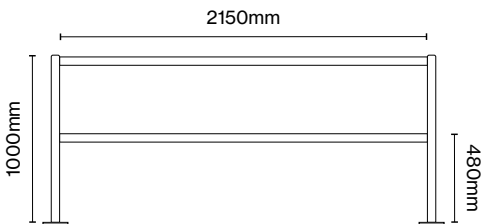

Contact us to discuss your requirements and how our design team can help you.

Tru-Gard Handrail is a high-visibility safety handrail system for guiding and protecting people along walkways.

CODE	DESCRIPTION
49-TR	Tru-Gard Handrail 1m high

Tru-Gard Handrail can be customised to suit your project.
