

Walksafe Alert Gate

The Walksafe Alert Gate has a flashing light and beeper to alert forklift operators of pedestrians in the area when the safety gate has been opened.

- Alerts vehicle operators of pedestrians entering their zone, and pedestrians that they are entering a Danger Zone
- Super bright LED beacon and loud buzzer remain activated for a pre-set period of time after gate is opened
- 12-volt rechargeable battery supplied for standalone function. Can also be supplied with solar panel option for direct sunlight charging.
- Interior Rated only

CODE	DESCRIPTION	SIZE (mm)
49-WSAPL	Walksafe Alert Gate - left mounted	900(W)
49-WSAPR	Walksafe Alert Gate - right mounted	900(W)
49-CF10100	Fastener - Concrete M10 x 100 Anka Screw	

When the Walksafe Alert Gate is opened, the LED beacon and loud buzzer activate for pedestrians' and vehicle operators' attention.

The smartest way to manage worksite traffic.

Worksafe's 62-page publication *Managing Worksite Traffic – Good practice guidelines* covers all the bases when it comes to keeping safe around vehicles and mobile plant.
