

Anti-Slip Nosings

Fibreglass Anti-Slip Stair Nosings

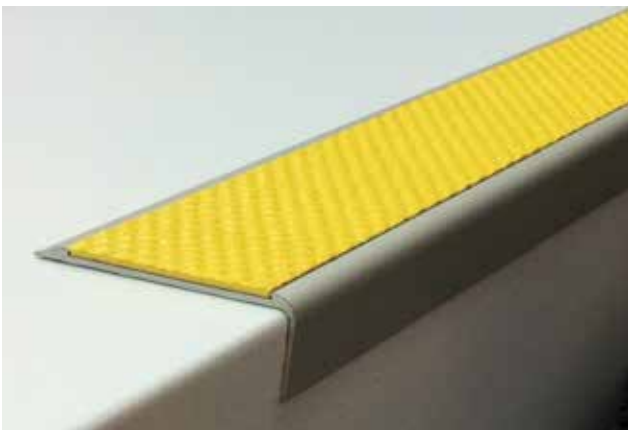

Fibreglass Anti-Slip Stair Nosings have been specifically designed to create the highest quality, most durable anti-slip surface for all commercial and industrial applications. Ideal for stairways and steps where slip and fall hazards exist. Standard Safety Yellow to clearly highlight the edge of each step. Also available in Black.

- Bevelled leading edge for non-trip
- Heavy duty grit finish
- Easily installed
- Can be supplied pre-drilled and with fasteners for concrete or timber stairs
- Cut to required length (max length 1.8m)
