

# Interlocking Speed Hump - 50mm high

Reflective cat's eyes and interlocking design make this a popular option.

## Interlocking Rubber Speed Hump - 50mm High

Used for shopping centres, commercial carpark areas, warehouses, and service stations, these slow vehicles to 10-20km/h. If trucks are crossing on a regular basis we recommend using our heavy duty speed cushion - see page 86 & 87.

- Interlocking modules for increased strength and fast installation
- 500mm-wide modules available in black and yellow
- Reflective cat's eyes to enhance visibility at night
- Anti-skid design, heavy duty recycled rubber
- Can be relocated if required

CODE	DESCRIPTION	SIZE (mm)
