

# Rumble Strips & Portable Speed Hump

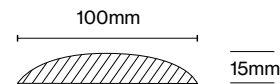

## Rubber Rumble Strips

Rubber Rumble Strips have multiple applications, commonly used on roadways to separate lanes and reduce traffic speeds. Distances can be varied between strips to obtain the required rumble effect.

- Rubber Rumble Strips are installed with easy drive anchors & glue
- Available in black or yellow modules

Rubber Rumble Strips create a rumble effect that slows speed when driven over.

CODE	DESCRIPTION	SIZE (mm)
49-RSB	Rubber Rumble Strip - Black	500(L) x 100(W) x 15(H)
49-RSY	Rubber Rumble Strip - Yellow	500(L) x 100(W) x 15(H)
49-EA	Fasteners - Concrete/Bitumen	M6 x 42 Easy Drive Anchor
49-BCA	Bondurox Super C Adhesive	600gm Tube

4 fasteners per module. 1 tube of adhesive per 2 modules.

## Portable Speed Hump

Roll-up Speed Hump is fast and easy to set up and effectively slows traffic in temporary situations. Ideal for construction sites, special events and anywhere temporary speed reduction is required.

- Comes in storage bag
- Weighs 13kg
- 3000(L) x 250(W) x 40(H)mm

Roll up speed humps are lightweight and sturdy.

Simply remove from carry bag and roll out for instant use.

CODE	DESCRIPTION	SIZE (mm)
49-PSH-Y	Portable Speed Hump	3000(L) x 250(W) x 40(H)
