

Rubber Wheel Stops - 1650mm

MOST POPULAR

Rubber Wheel Stop - 1650mm

Rubber Wheel Stops help protect structures from vehicle damage and prevent vehicles from encroaching into pedestrian areas. They help to keep vehicles within designated parking areas and protect surrounding property. Commonly used in carparks, supermarkets and shopping malls.

- Complies with AS/NZS 2890.1:2004
- Hi-vis chevrons for enhanced visibility
- One-person lift for easy installation - 16kg

Available in all black when hi-vis panels are not required.
