

Suggested Uses.

- Ideal for covering trenches/holes across areas that require pedestrian or wheelchair access
- Safely cover holes and trenches up to 700mm wide
- Support pedestrians & vehicles up to 1600kg

Benefits.

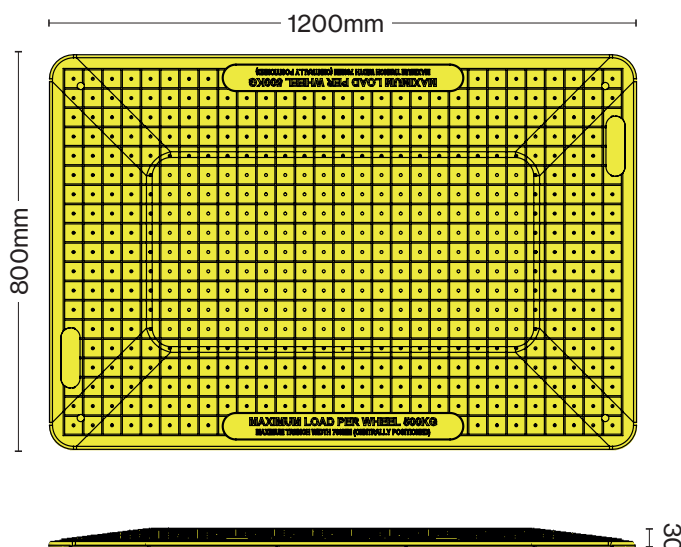

- Hi-vis and anti-trip covers create a safe passageway for pedestrians, wheelchairs and vehicles
- Can be easily installed, transported and stored

Useful Tip.

Designed to be laid loose, but can be fixed in each corner for longer term applications

Specifications.
