

TECHNICAL SPECIFICATIONS

Modular Raised Safety Platforms

- **Gradient:** 1:14 approx
- **Height:** 80mm
- **Modular:** 450mm-wide x 1000mm-long interlocking modules
- **Weight:** 25–38kg per module
- **Material:** Anti-slip, energy-absorbing, high-density recycled rubber with embedded reflective material ('shark teeth' markings on approaching ramp)
- **Colour:** Solid black, solid white and black with white half-triangles
- **Fixings:** Set including 6 coach screws per module (supplied); Ø30mm fixing hole

Components

Code	Description	Colour
2410-012	Left Edge Module	● Black
2410-013	Right Edge Module	● Black
2410-014	Left Corner Module	● Black
2410-015	Right Corner Module	● Black
2410-016	Centre Module	○ White
2410-017	Centre Module	● Black
2410-019	Ramp Module with Left Half-Triangle	◐ Black/White
2410-020	Ramp Module with Right Half-Triangle	◑ Black/White
2410-021	Ramp Module with No Marking	● Black

Code	Fixings
Fixing Set (1 Set per Module, Supplied)	For Asphalt/Bitumen/Chipseal/Concrete: M10 x 140mm Coach Screw with Washer, M14 Nylon Plug and Rubber Cap (6 per Set)
1910-024	Epoxy for Screws (Apply into Fixing Holes): AT-HP BLUE High-Performance Anchoring Adhesive, 300ml Cartridge (1 per 6 Modules)
1412-006	Steel Connector
